### Questions and Answers

Q 1.	What is the specification, For the parking and vehicle traffic area? Is the construction to sustain any military vehicles ranging from HMMWV to cargo and an occasional semi-truck? Is the Area to take into account proper Drainage, soil compaction and Soil Stabilization?
A 1.	In general, please refer to specifications provided in the ITB document, however for specific sections please provide page and section numbers.
Q 2.	Could you please clarify/confirm that the bid bond is 5 % of the Offer Value?
A 2.	Yes, the bid bond must be 5% of offer value.
Q 3.	Please let us know (if there is any) the prequalification process criteria of the technical evaluation
A 3.	Please refer to pages 7and 8 of the ITB document.
Q 4.	In the last block <b>14(plumbing&amp; water supply works)</b> , see the last item <b>14.15(2" submersible pump 2 horses power)</b> . Is this mean only provision? If it is mean completely, the question is (are there any existing boreholes in the site? do you mean that the cost include geophysics survey& drilling and installation?
A 4.	There are no existing boreholes in the site; Yes the cost of the submersible pumps includes provision, geophysics survey, drilling and installation.
Q 5.	There are 2 big generators and fuel tank in the drawings but not mentioned in the Bill of Quantities, do you mean that the 2 generators and the fuel tank will be supplied by the purchaser (UNDP)?.
A 5.	The 2 set of generators are Not in Contract ( <b>NIC</b> ) as shown under 10.10.1 page 22 of the electrical Bill of quantities, the fuel tank shown under 10.10.3. means provision construction of foundation, placing, piping and connections.
